manifesto

"possiamo così, abbandonarci,
quasi un po' indifesi, e **lasciarci
avvolgere dalla forza del colore;**
avere conferma che, nel nostro
lavoro, **fare cose belle e
farle bene**, prima ancora di
essere **una scelta** imprenditoriale
o una strategia di mercato,
è **una necessità personale
e un piacere**"

editoriale

MEMENTO rappresenta il primo concreto punto di contatto con un modo nuovo di “leggere” il prodotto di design tradizionalmente inteso. Una visione che è il risultato di un percorso iniziato nel 1998 e perseguito con convinzione e passione fino ad oggi. Un punto di arrivo direbbe chi indugia nel godimento del traguardo raggiunto. Un nuovo punto di partenza per noi che abbiamo la volontà, da sempre, di guardare “oltre”. Memento, è sinonimo e simbolo di uno sguardo innovativo nel mondo del “prodotto di design per la casa” attraverso la ricerca tecnica e il pensiero creativo. I concetti semplici e funzionali ma nello stesso tempo audaci proposti dal brand hanno segnato delle vere e proprie tappe nella recente storia dell’ home design. Come l’introduzione del concetto di colore applicato al glassware tabletop: quando Memento ha lanciato per la prima volta l’idea di una tavola di bicchieri multicolore il concetto era rivoluzionario, oggi è entrato nell’uso comune ed è stato esteso anche ad altre funzioni.

La volontà di trovare idee realmente innovative che vadano oltre il “design-per-il-design” guida e ispira chi lavora per il brand, e questo valore imprescindibile si esprime trasversalmente in tutti i prodotti e le idee concepite fino ad oggi. Questa tendenza che ci spinge costantemente a oltrepassare i limiti prestabiliti attraverso creatività e innovazione ha condotto alla realizzazione della linea MEMENTO. Tutti i prodotti rappresentati in questo catalogo sono il risultato di un inedito mix di design e ricerca sui materiali, artigianato e tecniche produttive all’avanguardia, estro creativo e, non lo neghiamo, voglia di divertirsi e “giocare” con l’immaginazione attraverso un prodotto che ha fatto la nostra storia. Ogni prodotto MEMENTO è unico, a partire dalla scelta del colore. Una costante ricerca nel settore della colorazione del vetro ha consentito di dar vita a una palette esclusiva, inimitabile e personalissima.

MEMENTO represents the first concrete point of contact with a new way of "reading" the traditionally intended design product. A vision that is the result of a journey that began in 1998 and pursued with conviction and passion to this day. A point of arrival would say those who indulge in enjoyment of the goal achieved. A new starting point for us who have always wanted to look over". Memento, is synonymous and symbol of an innovative look in the world of the "product of home design "through technical research and creative thinking. The simple and functional concepts but in the at the same time, the brand's bold proposals have marked real milestones in the recent history of the home design. Like the introduction of the concept of color applied to tabletop glassware: when Memento has launched for the first time the idea of a table of multicolored glasses, the concept was revolutionary, today it is entered into common use and has also been extended to other functions. The desire to find truly innovative ideas that go beyond "design-for-design" guides and inspires those works for the brand, and this essential value is expressed transversally in all products and ideas conceived to date. This trend that constantly pushes us to go beyond the established limits through creativity and innovation it has led to the creation of the MEMENTO line. All the products represented in this catalog are the result of an unprecedented mix of design and research on materials, cutting-edge craftsmanship and production techniques, creative flair and, we do not deny it, the desire to have fun and "Playing" with the imagination through a product that has made our history. Each product MEMENTO is unique, starting from the choice of color. A constant research in the field of coloring of glass made it possible to create an exclusive, inimitable and very personal palette.

colore

Partendo dal vetro colorato in pasta, artigiani esperti sono responsabili di ciascuna fase di un processo assai complesso che dà vita a prodotti interamente realizzati a mano, uno diverso dall'altro proprio perché frutto di questo ciclo produttivo. Ma questa è soltanto una parte, quella tangibile, del valore di tutti i prodotti MEMENTO. L'altra parte è data dalla capacità della materia di trasferire una suggestione, un immaginario: il "giocare" con le cromie del vetro si traduce nella creazione di set cromatici unici che rappresentano e trasferiscono l'ispirazione che ne è all'origine. MEMENTO propone un arcobaleno di 34 colori in 14 differenti forme, il packaging elegante e funzionale trasferisce il "mood" che dà vita alla collezione. Attraverso questa nuova capacità del homeware di trasmettere stile e valore, il prodotto diventa concetto, suggestione di life style. MEMENTO ha il piacere di presentarvi il risultato di questa filosofia e creatività, valori tangibili e suggestioni cromatiche. Una visione che ha dato vita a prodotti che sono espressione di freschezza, traduzione dello stile inconfondibile del brand e della personalità di chi li sceglierà.

I colori,
come i lineamenti,
seguono i cambiamenti
delle emozioni. (Pablo Picasso)

34 colours 14 shapes

Starting with colored glass in paste, expert craftsmen are responsible for each step of a process very complex that gives life to products entirely made by hand, one different from the other precisely because fruit of this production cycle. But this is only a part, the tangible one, of the value of all products MEMENTO. The other part is given by the ability of matter to transfer a suggestion, a imaginary: "playing" with the colors of the glass translates into the creation of unique chromatic sets that they represent and transfer the inspiration behind them. MEMENTO offers a rainbow of 34 colors in 14 different shapes, the elegant and functional packaging transfers the "mood" that gives life to collection. Through this new ability of homeware to convey style and value, the product becomes concept, suggestion of life style. MEMENTO is pleased to present you the result of this philosophy e creativity, tangible values and chromatic suggestions. A vision that has given life to products that are expression of freshness, translation of the unmistakable style of the brand and of the personality of those who choose them.

A yellow, textured, cone-like object, possibly a piece of wood or a sculpture, is positioned diagonally across the frame. It has a rough, fibrous texture and is set against a solid red background. The word "mem" is overlaid in white, lowercase letters, with the "m" and "e" partially covering the yellow object.

(Pablo Picasso)

The image features two ceramic vessels, possibly vases or pots, set against a solid red background. The vessel on the left is a deep reddish-brown color with a slightly textured surface. The vessel on the right is a light blue or turquoise color, also with a textured surface. Both vessels are cylindrical with slightly flared tops. The lighting creates soft shadows and highlights the textures of the ceramic. Overlaid on the center of the image is the text 'ento' in a large, white, sans-serif font, followed by a registered trademark symbol (®). Below 'ento' is the word 'originale' in a smaller, red, sans-serif font.
