ABOUT US

IMAGILIGHTS® is a Belgian company designing, manufacturing and distributing a range of rechargeable cordless lighting solutions for indoor and outdoor use and is specialized and most known for its cordless table light ranges.

IMAGILIGHTS® is made to outlast, resist and endure the highest demands, these of the hospitality sector. Since the very first launch our products are found in thousands of the finest restaurants, hotels, resorts and private homes.

IMAGILIGHTS® stands for design, innovation, quality, a fast communication platform, an immediate delivery and a dedicated customer service.

OUR CULTURE

- **customer obsession instead of competitor obsession**
- **willingness to think long term**
- **eagerness to invent**
- **taking professional pride in operational excellence**
- **addicted to service and quality**
- **high standards are our own professional pride**

IMAGILIGHTS® exports to over 120 countries.

OUR SPECIALIZATION

WIRELESS/CORDLESS TABLE LIGHTING

Genuine hand-crafted table lamps inspired by architecture, sculpture and design, composed of the finest raw materials. Created for the most demanding end-users and professionals such as restaurants, hotels, architects and interior designers.

VIVA® COLLECTION_ indoor/outdoor product made of Acrylic (PMMA) and Polycarbonate (PC) and applying laser technique to replicate a halogen light effect.

MOJO® COLLECTION_ indoor/outdoor product made of Polycarbonate (PC) with changeable multi-color covers.

TEBUR® COLLECTION_ mainly outdoor used product made of Polyethylene (PE).

DJOBIE® COLLECTION_ indoor/outdoor product made of Acrylic (PMMA) and Polycarbonate (PC), a refined lamp with the touch and feel of glass and with the ability to light-up warm white in both 2300 Kelvin and 2700 Kelvin.

MOMENTS® COLLECTION_ indoor/outdoor lamp finished with deep-brushed anodizing OR mirror-polished powder coating, available in 6 illuminated heads and with the ability to light-up warm white 2700 Kelvin.

DEMOISELLE® COLLECTION_ indoor/outdoor lamp available in 2 heights and 6 illuminated heads finished with deep-brushed anodizing OR mirror-polished powder coating and with the ability to light-up warm white in both 2300 Kelvin and 2700 Kelvin.

CRU® COLLECTION_ indoor/outdoor lamp available in one or two light heads with extreme light output, available in finishing deep-brushed anodizing OR mirror-polished powder coating and with the ability to light-up warm white in both 2300 Kelvin and 2700 Kelvin.

MIRAI® COLLECTION_ indoor/outdoor lamp available in several formations finished with deep-brushed anodizing OR mirror-polished powder coating and with the ability to light-up warm white in both 2300 Kelvin and 2700 Kelvin.

SOLARIS® COLLECTION_ indoor/outdoor lamp available in several formations finished with deep-brushed anodizing OR mirror-polished powder coating and with the ability to light-up warm white in both 2300 Kelvin and 2700 Kelvin.

COSMOS® COLLECTION_ indoor/outdoor lamp available in several formations finished with deep-brushed anodizing OR mirror-polished powder coating, in combination with transparent, ceramic milky and coloured heads and with the ability to light-up warm white in both 2300 Kelvin and 2700 Kelvin.

MIMOSA® COLLECTION_ indoor/outdoor lamp available in several formations finished with deep-brushed anodizing OR mirror-polished powder coating, in combination with ceramic milky and coloured heads and with the ability to light-up warm white in both 2300 Kelvin and 2700 Kelvin.

WARRANTY FOR IMAGILIGHTS CORDLESS LAMPS AND CHARGING SYSTEMS & CONSUMABLES

All of our cordless lamps are assembled and tested at our production facility in order to guarantee the highest possible quality control.

THE IMAGILIGHTS® CORDLESS LAMPS ARE COVERED BY A 5-YEAR WARRANTY.

IMAGILIGHTS® warrants all its cordless lamps to be free from defects in materials and workmanship. We will repair or replace the led-pcb compartment of the IMAGILIGHTS® cordless lamp found to be defective within the warranty period of five years from the date of purchase. The warranty does not cover parts covering the led-pcb compartment such as any metal parts or plastics, the lamp accessories and battery packs or light sources (bulbs). The 5-years warranty from the date of purchase does not apply for the following five collections: VIVA, MOJO, TEBUR, DJOBIE, MIRAI since the battery is not replaceable. VIVA, MOJO, TEBUR, DJOBIE, MIRAI have a limited warranty of two years from the date of purchase.

THE IMAGILIGHTS® CHARGING SYSTEMS ARE COVERED BY A 2-YEAR WARRANTY.

IMAGILIGHTS® warrants charging systems to be free from defects in materials and workmanship. We will repair or replace any part of the IMAGILIGHTS® charging system found to be defective within the warranty period of two years from the date of purchase. The warranty does not cover the adapter or the female adapter connector inside the charging station.

WARRANTY ON CONSUMABLES

The batteries and bulbs provided with your IMAGILIGHTS® cordless lamp receive a 1-year warranty. We will repair or replace if they are found to be defective under normal use and service as stipulated in the user guide within the period of one year from the date of purchase. The warranty does not guarantee the effective life (length of service) of the battery, as this is primarily determined by usage patterns and care.

WARRANTIES EXCLUSIONS

Products to be damaged as a result of normal wear are not covered by warranties. Products to be damaged due to failure to take reasonable care, neglect, accident, misuse or failure to use the products as per IMAGILIGHTS® maintenance and service instructions are not covered by the IMAGILIGHTS® warranties.

IMAGILIGHTS® shall not be liable for any claim made outside the warranty period or related to claims for faulty design, negligent or misleading advice, incidental or consequential damages or injury to any other person, corporation or entity. The warranty shall not apply in case of accident, neglect or misuse, or where equipment is modified, installed or repaired otherwise than in accordance with IMAGILIGHTS® user instructions.

SERVICE AND REPAIR

IMAGILIGHTS® provides long-life products that can be serviced and repaired for a long period after the initial purchase. Servicing and repairs under warranty are subject to the terms of the IMAGILIGHTS® warranties. Servicing and repairs are also available after the warranty period; payable by the customer.

All claims are limited to the repair or the replacement of the products only and do not include transportation charges.

QUALITY AND TESTING

All our products are thoroughly tested before entering the market. We test our products in extreme weather conditions by running them through specialized LAB machines that imitate extreme temperatures such as desert heat and Nordic cold, as well as high and low humidity and UV. We also conduct salt tests for coastal areas and islands. We conduct both electrical as mechanical tests to ensure a high-grade quality standard.

LEGAL INFORMATION

IMAGILIGHTS® Wireless Lamps are covered by Design Registration, Copyright and Patent Pending. All rights reserved. All shapes and models are registered. Patented LED modules and patented wireless chargers. Any tampering with or repairing the unit voids the warranty. The units are tamper protected.

Please be aware that buying from IMAGILIGHTS® means that you and your customers benefit from a choice for innovative and exclusive products. IMAGILIGHTS® therefore highly values and enforces its intellectual property rights, which include copyrights and registered design rights in jurisdictions worldwide (EU, US, UK, APAC, People's Republic of China, etc.).

IMAGILIGHTS® will not hesitate to take appropriate legal action against any reseller or distributor that violates these intellectual property rights. In such case legal costs and costs for destruction of counterfeit goods will be at the charge of the infringing party.

VIVA COLLECTION

CRU COLLECTION

TABLE LIGHTING

**WARM WHITE 2300 KELVIN + 2700 KELVIN + RGB INCLUDED
UP TO 90 HOURS OF LIGHT**

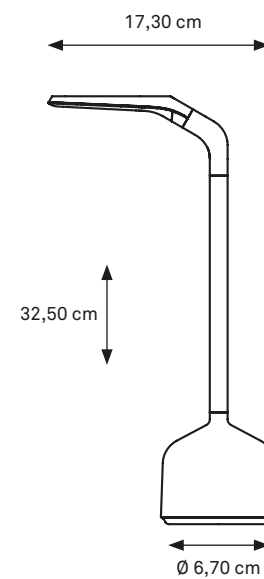

Indoor/outdoor lamp, technically a supernatural, available in one light head, giving an extreme light output and with the ability to light-up warm white in both 2300 Kelvin and 2700 Kelvin. An optional battery slot guarantees only one recharge a week. (finishing: deep-brushed anodizing or mirror-polished powder coating)

TOP FEATURES

- 25 preprogrammed colors including warm white 2300K and 2700 Kelvin
- 2 romantic candle flickering effect modes (yellow and orange)
- 2 ultra – slow enjoyable automatic mix modes showing 160 000 colors
- dimmer mode (4 steps)
- battery indicator
- automatic light shut when placed on charger
- color lock and anti-theft function (only with remote control)
- up to 90 hours of light with one recharge
- battery recharge: 7 hours
- waterproof IP52 (dust and rain resistant)
- remote included + pushbutton controlled on back side
- anti-glare
- aluminum material (no rusting, no oxidizing, no decolorizing, high UV-protection)
